Greta E. M. Shum

2845 14th Ave. W. Apt 202 Seattle WA 98119

(816) 519-3131 | gshum@uw.edu | www.gretashum.com

EDUCATION

Ph.D., University of Washington, Seattle Atmospheric Sciences, Advisor: Abigail Swann; Graduate Certificate in Astrobiology	2021 - 2024 (exp.)
M.A., University of Washington, Seattle Atmospheric Sciences, Advisor: Abigail Swann	2018 - 2021
B.A., Princeton University with High Honors Comparative Literature, Advisor: Peter Brooks; Minor in Planets and Life (Astrobiology)	2010 - 2014

Research Projects

- Assessing carbon cycle uncertainty in simple models, July 2023 May 2024 (current)
 Assessing structural uncertainty and global carbon budgets by (1) coordinating inter-model comparison
 project (MIP) of net-zero pathways across simple climate models and emulators of the carbon cycle and (2)
 progressively increasing model complexity within one model, FaIR (funded by UW PCC).
- Modeled nearly-enclosed bays as refugia on Snowball Earth, July 2021 January 2024 Simulated influence of land surface albedo and CO2 on Snowball Earth refugia using CESM2 (CAM5, SLIM, CICE5) (funded by NSF).
 - o Publication: **Shum, G. E. M.**, M. M. Laguë, A. L. S. Swann, C. M. Bitz, E. D. Waddington, S. G. Warren (submitted): Ocean bays surrounded by desert land could support life on Snowball Earth.
- Modeled impact of forest-atmosphere interactions on forest expansion, Aug 2018 June 2021 Developed novel, idealized experimental design in CESM2 to test influence of forest establishment on forest expansion (funded by NSF).
 - Publication: Shum, G. E. M., M. M. Laguë, S. S. Rushley, and A. L. S. Swann (2023): Beautiful Days in the Neighborhood: Land–Atmosphere Interactions as Drivers of Forest Expansion. *Earth Interact.*, 27, e220017, doi:10.1175/EI-D-22-0017.1.

Professional Experience

Graduate Research Assistant University of Washington	2018 -
Graduate Student Volunteer ACORN, University of Washington	2020
Communications Strategist School of Engineering, Princeton University	2017-2018
Research Analyst/Multimedia Journalist Climate Central	2016-2017
Multimedia Journalism Fellow Climate Central	2014-2016
Media Services Student Technician Princeton University	2010-2014
Scientific Affairs Intern AAMC	2013

SKILLS

- Proficiency with coding languages and tools Python, R, FORTRAN, MATLAB, Git, and GitHub.
- Experience with scientific research principles, statistical data analysis.
- Experience with securing funding, proposal writing, project management, teaching, and mentoring.
- Experience with running climate models in custom configurations (CESM, SLIM, FaIR, and HECTOR).
- Strong science communication (e.g. Shum Show); proficiency in French and German languages.

AWARDS & FELLOWSHIPS

AWARDS & FELLOWSHIPS	
PCC Climate Research Accelerator Award University of Washington	2023 -
High Meadows Fellowship High Meadows Foundation	2014-201
ThinkSwiss Fellowship Swiss Embassy	201
Dale Award Princeton University	201
German Book Award Princeton University	2011, 2012, 201
Scheide Scholarship Princeton University	2010 - 201
Helzberg Kansas City Symphony Scholarship Shirley and Barnett Helzberg Founda	ation $2007 - 201$
Conference Presentations	
CESM Land Model & BGC Working Group Meeting Boulder, CO (remote oral)	202
AGU 2023 Fall Meeting San Francisco, CA (poster)	202
CESM Working Group Meeting 2023 Boulder, CO (oral)	202
AbSciCon 2022 Atlanta, GA (virtual poster)	202
AGU 2022 Fall Meeting Chicago, IL (oral)	202
CESM Paleoclimate Working Group Meeting Virtual (oral)	202
CESM Land Model Working Group Meeting Virtual (oral)	202
Graduate Climate Conference Virtual (poster)	202
Graduate Climate Conference Virtual (oral)	202
Graduate Chinate College (Invate (Gran)

1. Dr. Abigail L. S. Swann (aswann@uw.edu)

Professor of Atmospheric Sciences & Biology, University of Washington (Ph.D. advisor)

2. Dr. Stephen G. Warren (sgw@uw.edu)

Professor of Atmospheric Sciences & Earth and Space Sciences, University of Washington (Collaborator)

3. Dr. Dargan M. W. Frierson (dargan@uw.edu)

Professor of Atmospheric Sciences, University of Washington (Collaborator)

4. Dr. Cecilia M. Bitz (bitz@uw.edu)

Professor of Atmospheric Sciences, University of Washington (Collaborator)

5. Dr. Marysa M. Laguë (marysa.lague@utah.edu)

Professor of Atmospheric Sciences, University of Utah (Collaborator)
